

## QUESTIONNAIRE

"To be filled in for a registration on the waiting list and sent back to us by mail

This questionnaire does not commit you to reserve a kitten and does not commit us to give you one.

Depending on your various "criteria" (color, sex, marriage) if you have any, the waiting period can go from 3 months to 2 years.

The purpose of this questionnaire is not to judge your life or your ideas, it simply allows us to know you better, to know more about you.

We are very vigilant about the future of our little furry treasures and we believe that we are 200% responsible for them.

If you do not wish to fill out this questionnaire, I think it is better to turn to another cattery that will not have the same criteria and conditions for an adoption.

Our kittens are sold at 1800 € for company

Thank you for your understanding and trust.
